Lawrence, KS. 66044

Dear David,

This letter is to inform you that the Board of Directors of Douglas County Rural Water District # 1 held their meeting for the month of May.

The annual review of the water meter acquisition fee was discussed. A motion was made and seconded to raise the current rate to \$5,000.00 for a 5/8 meter and \$7,163.00 for a 2" meter, for every RWD#1 water patron annexed into the City of Lawrence. This will cover the cost of inflation and the loss of revenue to the Water District. The new price is effective as of May 8, 2009.

Sincerely,

Nancy Kuehler
Office Manager
RWD#1
