

Transportation Enhancement Project

Indiana Street Brick Street Reconstruction (Historic Category)

Project Location

The 600 and 700 Blocks of Indiana and the Intersection of 7th and Indiana.

Project Description

In 1909 the Lawrence Light & Railway Company opened Route 3 "Indiana Run". Streetcars ran from 8th and Massachusetts to the west to Indiana Street, then north to 4th Street and Back. This project would restore Indiana Street with original trolley tracks, brick pavers on 7" concrete base, and stone curb. The current PCI rating of this street is a 36.7.

800 Block Indiana
