The meeting notes from the February 10, 2014 meeting were discussed. Harris clarified that Thellman's comments related to other communities comprehensive plans and to make sure that that was meant as a question to staff. McCullough clarified that staff will bring back some examples for the steering committee to look at during a future steering committee meeting.

Thellman wanted to make sure that everyone reflects the fact that this is a city/county plan in the language that they use.

McCullough let the committee know that the February 10, 2014 meeting notes were more detailed than they will get in the future considering future meetings would be video-recorded.
