**STAFF REVIEW**

A Special Event Permit has been requested to allow parking on City property associated with the Douglas County Fair demolition derby and ATV races the Douglas County Fairgrounds August 1-2, 2014.

The event activities occur primarily within the Douglas County Fairgrounds with parking for guests provided on the Venture Park ground on the east side of Street FF (E 1575 Road).

Article 15 of Chapter 6 of the City Code regulates Special Events. Per Code, a Type 5 Special Event Permit [Public events intended primarily for entertainment or amusement, such as concerts or festivals] requires City Commission approval. Events that occur at the Fairgrounds

are exempt from this requirement. However, the property being requested for the parking portion of the event is owned by the City.

The Douglas County Buildings and Grounds department will provide the maintenance of the property including mowing. At the end of the event the property is re-graded and reseeded, as necessary, to restore the field damaged by vehicles or ruts.

The City Stormwater Engineer has reviewed the request to determine if the proposed parking will interfere or conflict with plans to demolish equipment on the Venture Park property. A natural tree line provides a boundary for the parking area. This is sufficient to separate the parking area from the main facility located on the eastern portion of the Venture Park property.

Hours of operation for the public portions of the event are as follows:	
<b>Friday, Aug 1st</b>	5:00 p.m. to 1 a.m.
<b>Saturday, Aug 2nd</b>	5:00 p.m. to 1 a.m.

**Staff Recommendation:** Planning Staff recommends approval of the Special Event for overflow parking for the Douglas County Fair demolition derby and ATV races on August 1-2, 2014 for the event subject to the following conditions:

1. Property shall be restored to pre-event condition immediately following the event.
2. The Special Event Permit must be displayed on site during hours of operation.
3. Temporary sign permit must be obtained from Development Services for proposed temporary signage.
4. No structures shall be allowed in the Venture Park portion of the activity area.
5. The applicant shall provide trash receptacles or other sanitation provisions as needed.
6. Provision of appropriate documents demonstrating liability insurance for the event.
