A. Background

As required by City ordinance, the Lawrence Department of Utilities prepares an annual report for the City Commission detailing the receipt and expenditure of system development charges on or about March 1 of each year. As required by 19-905(B) of the City Code, the report shall provide the following:

- detail the receipt and expenditure of system development charges
- review the rates of system development charges
- report on matters concerning the administration of system development charges

The following timeline illustrates the history of the system development charges:

- July 2, 1996 – The City Commission passed Ordinance #6791 establishing system development charges for water and sanitary sewer customers to fund improvements to the City's utility system.
- January 1, 1997 – The Department of Utilities implemented year 1 of a 3-year phased-in approach for system development charges.
- September 21, 1999 – The City Commission adopted Ordinance #7138 to update the development charges from January 1, 2000 through 2004.
- August 23, 2004 – The City Commission adopted Ordinance #7809 to update the development charges for water and sanitary sewer from 1/1/2005 through 2009.
- August 14, 2007 – The City Commission replaced Ordinance #7809 with Ordinance #8134 to update the development charges effective on January 1, 2008.
- August 26, 2008 – The City Commission replaced Ordinance #8134 with Ordinance #8308 to update the development charges effective on January 1, 2009. This remains the rate schedule for 2012.
- March 26, 2013 – The City Commission replaced Ordinance #8308 with Ordinance #8847 to set charges effective May 1, 2013 and each year after that effective January 1 beginning 2014 through 2017.

B. Receipt and Expenditure Information

Funds generated from the system development charge are deposited into the City Water and Sewer Fund Account to fund improvements to the City's water and wastewater utility system. These funds are used to pay for utility system design and construction costs, interest and debt issuance costs and capital improvements, which expand the capacity of the water and wastewater systems. Water system development charge collections are designated to be used only for water utility capital improvements and wastewater system development charge collections are designated to be used only for wastewater utility capital improvements. The funds collected in a given year are expended in the following year. Table B1 shows the 2014 and 2015 water and wastewater system development charges collected. Table B2 shows 2015 water and wastewater system development charges collected by month. Further detail describing the implementation of system development charges can be found in the most recent version of the water and wastewater rate study.

Table B1. 2014 and 2015 water and wastewater system development charges collected.

Description	2014	2015
Water System Development Charges	\$264,830	\$605,300
Wastewater System Development Charges	\$372,070	\$894,540
Total System Development Charges Collected	\$636,900*	\$1,499,840*

*The increase in SDS's from 2014 to 2015 is a result of waived fees in 2014 and increased service requests in 2015.

The Department of Utilities processed and collected system development charges on applications for service in 2015. Table B3 shows the total number of service applications received by the Department of Utilities in 2014 and 2015 for residential service. While Table B4 shows the total number of service applications received by the Department of Utilities in 2014 and 2015 for non-residential service.

The system development charges collected helped repay loan payments from the State Revolving Loan Fund, revenue bonds, a general obligation bond and temporary notes. Table B5 describes each bond and loan maturity, debt service payments, balances, and the related projects. The capacity related projects for each debt issuance below are bolded for reference. The Revenue Bonds – Series 2005 were refunded with Revenue Bonds – Series 2015b. GO Temporary Notes listed for 2014 were refunded with Revenue Bonds – Series 2015a.

Table B5. Debt Description

Debt	Year Matures	Debt Service Payment in 2015	December 31, 2015 Balance	Related Projects (Capacity Projects are bold.)
