Move Out, Don’t Throw It Out! May and July are peak months for moving out of apartments and homes in Lawrence. Moving can create a lot of waste. A little planning and preparation goes a long way towards reducing the amount of waste your move produces. Please help our community keep reusable goods out of the landfill.

Click on business names below to view their website and more information!

Residential Moving Tips

- **Got Cardboard?**
  - Use the city-sponsored drop-off bins for large quantities of cardboard boxes. Search the directory to find nearest location.

- **Buy/Sell Reusable Goods:**
  - Buy or sell reusable goods at thrift & consignment shops, garage sales, or local Buy, Sale, Trade or Freecycle Facebook Groups.

- **Donation Pick-up:**
  - Schedule a pick-up by calling Habitat for Humanity Restore (856-6920), Salvation Army (856-1115), or the Lawrence Community Shelter’s Move-Out Program (832-8864).

- **Recyclable Materials Directory**
  - Search for local donation, reuse, and recycling options. To search the directory, visit: LawrenceRecycles.org

When moving, do not take the city trash and recycling carts with you. Carts belong to the address delivered.
