## Demonstration of Fiscal Constraint

TIPs are required to have a four year fiscally constrained program of projects. Fiscally constrained means enough financial resources are available to fund projects listed in the TIP.

The MPO accounts for O&M expenditures "Off the Top" from available funding before projects are programmed (Table 8). This ensures there is enough funding to operate, maintain, and preserve the existing transportation system (including roads, bridges, and transit services), which is a high priority of T2050.

**Table 8: Funding Available for Projects after Accounting for all O&M Expenditures (in \$1,000s)**

Subtracting O&M "Off the Top" (in thousands)					
	FFY 2025	FFY 2026	FFY 2027	FFY 2028	Total
Anticipated Funding	\$ 319,097	\$ 281,670	\$ 145,824	\$ 320,345	\$ 1,066,937
Anticipated O&M Expenditures	\$ 35,651	\$ 38,661	\$ 40,919	\$ 41,504	\$ 156,735
<b>Funding Available for Projects</b>	<b>\$ 283,446</b>	<b>\$ 243,009</b>	<b>\$ 104,905</b>	<b>\$ 278,841</b>	<b>\$ 910,201</b>

This TIP document provides realistic cost and funding estimates for improvement projects in the first two years of the fiscal constraint period (2025 and 2026). Predicting the revenues which will be available and costs for projects in the second half of that period (2027 and 2028) are a more speculative exercise.

Financial data was collected as part of development of Transportation 2050. The Funding Summary in Table 9 shows the level of projected funding from reasonable sources and the total level of project funding programmed in this TIP are balanced and this TIP is fiscally constrained. The fiscal breakdown by funding source for all roadway and transit projects listed in the 2025-2028 TIP are shown in the table. The projects are shown by year and funding source.

**Table 9: Funding Summary (in \$1,000s )**

Grand Total		\$ 283,446	\$ 243,009	\$ 104,905	\$ 278,841	\$ 910,201

Anticipated funding is based on the revenue assumptions being prepared for Transportation 2050 and information provided by jurisdictions. Local transit funds include KU on Wheels funding. 1.5% growth is applied to the funding and the 2017 Lawrence sales tax referendum (funds roads/infrastructure and transit service) is assumed to be renewed thru 2050 for these projections.
